

WHAT ARE UNRULY SPLATS?

Unruly Splats offers the only all-access **K-8 STEM platform** that combines **coding** with **active play**. Splats are **programmable floor buttons** that students code using an iPad or Chromebook to build their own active games. Students **code the rules** that tell Splats when to light up and make sounds when they are stomped on to **create games** like four corners, relay races, and Splat tag.

WHY BRING

UNRULY SPLATS TO YOUR SCHOOL?

DEVELOP

**STEM SKILLS
WITH CODING
BASICS**

**PROMOTE
STUDENT COLLABORATION**

EXTEND

**YOUR EXISTING
CURRICULUM**

SUPERCARGE YOUR CROSS-CURRICULAR STEM PROGRAM WITH SPLATS

Splats are designed as a school-wide tool that adds coding and physical activity into existing curriculum in STEM, PE, Technology, Music, ELA and other core and special classes.

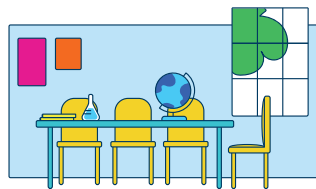

SPLATS ARE GREAT FOR

Libraries & Makerspaces

Traditional Classrooms

Out-of-School Programming

Gyms or Recess

THE UNRULY MEMBERSHIP

Unruly Splats School Memberships are a full-service STEM program that come with 1 and 3-Year options.

ALL MEMBERSHIPS INCLUDE

- * Weekly teacher onboarding throughout the school year
- * Ongoing coaching and support for any teacher at your school
- * Unlimited student and teacher seats to the Unruly coding app
- * School tech support
- * Classroom resources like lesson plans, slide decks, and activities on our teacher portal
- * Regular student competitions where schools compete with other schools for prizes
- * Unruly Splats covered under warranty

Prices vary depending on the size of the school. Memberships range from \$2,700–\$6,300+/year and typically are under \$10 per student per year.
